textes. He is thought to be the

wrong man.

There are 137,138 bushels of wheat

stored at McMinnville, worth 74 cents

a bushel, or \$101,422.12. A railroad

from the Willamette valley to Astoria

would send that and many a million

more whirling down to a deep sea

port where the wheat is worth a dol-

lar a bushel, aboard.

Gambling instruments seized by

process of law were burned in the

public streets of Tacoma last Friday

afternoon, in the presence of the of-

tallying board, a number of dice

boxes and dice, a half-bushel of chips,

ber of other devices for gambling.

Information has been received at

San Francisco from British Colum-

the border into Washington territory,

but that another favorite line has

been adopted. The plan is to run

the Chinese northward from Vanco-

uver into Alaska, and find them

employment in the canneries and mines,

when they will go to San Francisco

on the regular steamers or sailing

vessels that come down occasionally

from the north. This scheme is to

be run on an extensive scale next

spring.

Axworthy, city treasurer, has fled to

Canada with \$500,000 of the city

money.

Senator H. D. Payne and J. H.

Wade, Jr., are his bondsmen.

FLOUR MILL BURNED.

GILROY, Cal., Oct. 23.—The flour

mill of the Central Milling Co. was

destroyed by fire early this morning.

A number of adjoining buildings

were damaged. The loss to the

milling company is \$16,000; well in-

sured.

A HOTEL BURNED.

SAN FRANCISCO, Oct. 23.—The

Southern hotel, at Newhall, was

burned to the ground this morning.

The loss is about \$30,000. The fire

was caused by a defective flue.

A GREAT DISASTER.

ROME, Oct. 23.—The official report

of the railway disaster near Potenza

limits the number of killed to nine-

teen and the number injured to fifty-

five.

A BIG TRANSFER.

NEW YORK, Oct. 23.—H. B. Hollins

states that the price paid to the

Georgia Central railroad by the Rich-

mond Terminal to be \$3,000,000.

A WISE PRECAUTION.

ATLANTA, Ga., Oct. 23.—The public

schools closed yesterday on account

of the prevalence of diphtheria.

TO ARRANGE RATES.

ST. LOUIS, Oct. 23.—The Colorado

and Utah association of passenger de-

partment is in session in this city for

the purpose of endeavoring to restore

rates in the territory west of the

Missouri river. All the roads in the

association were represented. It is

thought that an amicable agreement

will be reached.

THE NEWMARKET.

LONDON, Oct. 23.—At the New

market-Houghton meeting, the Cam-

bridgeshire stakes were won by

Vernely, Caekus second, Bismark

third.

NOAH IS SORRY.

OWENSBORO, Ky., Oct. 23.—Noah

Jagol last evening fatally shot Ella

Green, to whom he was engaged to

be married. He claims that it was

accidental. From the fact that he

tried to stab her some time ago and

has been quarrelling with her about

receiving other company, he is sus-

pected of doing the shooting with in-

tent to kill.

CORRECT ACTION.

MAUCH CHUNG, Pa., Oct. 23.—The

district attorney, shortly after mid-

night, issued warrants for the arrest

of Henry Cook and Thomas Major,

engineers; John Mulhearn and

Joseph Pohl, lookouts; James Han-

nigan, flagman; Chas. Terry and

Joseph Keith, line conductors,

charging them with gross negligence

and willful misconduct, which re-

sulted in the killing and injuring of

many persons in the Mad Run dis-

aster on the Lehigh Valley road.

BIG FREIGHT ROBBERY.

EAGLE PASS, Texas, October 23.—A

wholesale system of freight robbery

has been discovered on the Mexican

Central railroad. It is believed that

the loss to the company will be in

the neighborhood of \$50,000. At

Guanajuato there are three conduc-

tors and one brakeman in jail, where-

in they were placed yesterday, and

the former agent of the company

named Smith, who is at Jimuto, has

also been arrested. All are Ameri-

cans. They are accused of defrauding

the company. Developments are

already in progress showing that an

extensive system of stealing has been

carried on for the past two years, and

by its exposure twenty or thirty more

employees are likely to be arrested.

An Explanation.

What is this "nervous trouble" with

which so many seem now to be af-

flicted? If you will remember a few

years ago the word Malaria was com-

paratively unknown,—to-day it is as

common as any word in the English

language, yet this word covers only

the meaning of another word used by

our forefathers in times past. So it

is with nervous diseases, as they and

Malaria are intended to cover what

our grandfathers called Biliousness.

And all are caused by troubles that

arise from a diseased condition of the

Liver which in performing its func-

tions finding it cannot dispose of the

bile through the ordinary channel is

compelled to pass it off through the

system, causing nervous troubles,

Malaria, Bilious Fever, etc. You

who are suffering can well appreciate

a cure. We recommend Green's Au-

gust Flower. Its cures are mar-

velous.

At the Theater.

There was a good play and a poor

audience at the theater last evening.

Not a musical combination, though

it is singular that a good troupe, such

as the Nellie Boyd company is should

not be better patronized. Last night

Ignio Tyrrell, as "Jimmy," Jas. Mc-

Kee, as "Pat," and C. C. Manbury, as

"Harold Merrybright," gave capital

characterizations of the parts they

assumed. The play was well put on

the stage, and deserved a larger au-

diences. To-night the company ap-

pear in "Passion's Slave."

Is Consumption Incurable?

Read the following: Mr. C. H. Morris,

Newark, Ark., says: "Went down with

Abscess of Lung, and friends and phy-

sicians pronounced me an incurable

Consumptive. Began taking Dr. King's

New Discovery for Consumption, am

now on my third bottle, and able to

oversee the work on my farm. It is the

finest medicine ever made."

Jesse Middlewert, Decatur, Ohio,

says: "Had it not been for Dr. King's

New Discovery for Consumption I

would have died of Lung Trouble. Was

given up by doctors. Am now in best

of health." Try it. Sample bottles free

at J. C. Dement's Drug Store.
